

Plasson's comprehensive range of solutions for connecting PE pipe can be found in over 80 countries world-wide.

The combination of Plasson's high quality products and first class customer service make it a world leader in the production of plastic pipe fittings.

Plass4 Universal Coupler & Universal Elbow

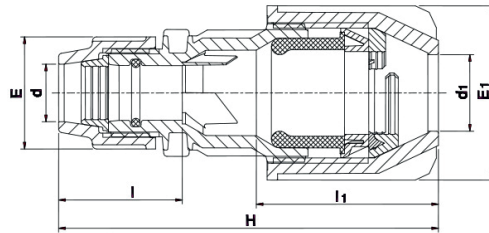

Plass4 is a universal pipe fitting which connects metric polyethylene to a wider range of pipe types: including imperial polyethylene (alkathene), copper (table X & Y), lead, galvanised steel, PVCu & poly-york.

Plass4 is easy to use with no specialist tools needed to complete the joint. The fitting is made from virgin polypropylene which makes it extremely strong and long-lasting. Plass4 fittings have a design life of 50 years, the same as our standard fittings. Due to its versatility, only a few fitting sizes are needed to cover all pipes from 15mm to 50mm.

Product Range:

- mechanical
- pushfit
- electrofusion
- valves
- metering
- repair clamps
- threaded
- tools/accessories
- specialist ef tooling

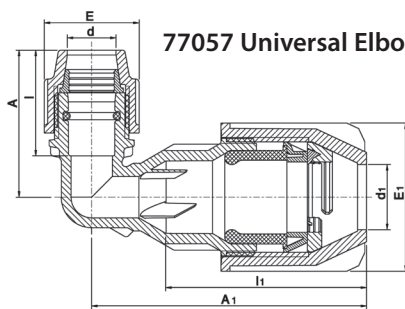

77017 Universal Coupler

Code	Size dxd1	E	E1	d	d1	I	I1	H

77017323	32 x 27-35	64	83	32	27-35	67	90	195
77017504	50 x 35-50	96	121	50	35-50	93	125	270

77057 Universal Elbow

Code	Size dxd1	A	A1	d	d1	E	E1	I	I1
77057251	25 x 15-22	81	128	25	15-22	54	64	58	105
77057252	25 x 20-27	81	139	25	20-27	54	71	58	105
77057253	25 x 27-35	81	153	25	27-35	54	83	58	112

Technical Specifications

Maximum Pressure	PN16
Operating Temperatures	Max 40°C / No minimum
Body Material	Polypropylene, high grade copolymer
Product Components	Nut Polypropylene Grip ring with integral stainless steel teeth NBR
Standards	ISO 14236

Key Features

- Connects MDPE pipe to all metal pipe: Imperial & metric, copper, lead & steel.
- Connects plastic pipe, imperial & metric PE, UPVC & Poly-York.
- Allows for an immediate repair.
- Couplers available to cover the O/D size range 15mm to 50mm.
- Elbows available to cover the O/D size range 15mm to 32mm.
- Easy to use & no specialist tools needed.
- 50 year design life.
