

POLYPLUMB POLYBUTYLENE PLUMBING SYSTEM

PolyPlumb is our original, tried and tested, grey plumbing system. Robust and reliable, PolyPlumb has stood the test of time. PolyPlumb fittings feature a one step jointing process and a high performance stainless steel grab ring within the fitting, ensuring superb joint integrity. Use PolyPlumb with Polypipe grey polybutylene flexible pipe, or you can combine PolyPlumb fittings and copper pipe. We recommend the use of a Polypipe metal or plastic pipe stiffener when used with plastic pipe. PolyPlumb is suitable for use in most plumbing and heating installations including hot and cold water, central and underfloor heating applications. PolyPlumb polybutylene barrier pipe, fittings and accessories are covered by BBA Certificate No 00/36, approved by the Water Regulations Advisory Scheme for use with drinking water and are kitemarked to Class S of BS7291 Part 1 and Kitemark Licence Number 38148 to BS7291 Part 1 & 2.
